

Space.

IT'S A VALUABLE COMMODITY IN YOUR SQUAD CARS

Why waste it with a bulky printer mount?

Your in-squad printer should make your job easier, not cause inconvenience or become an obstruction. That's why **CAB Solutions LLC**, a police officer owned and operated company, designed the patented **Pentax PJ Armrest Kit - Universal Vehicle Head Rest (UVHR)** to replace bulky printer box alternatives that take up valuable space in your squad. The UVHR is a reliable option that fits into all patrol vehicles equipped with removable head rests. Plus, it is easy to install.

Introducing the Versatile UVHR Printer Box with the Adjustable Mounting Kit.

All-in-one, adjustable kit that fits easily into all patrol vehicles equipped with removable headrests. Reducing the need to buy equipment from multiple vendors.

Padded cover design that opens and loads paper from the front. Allowing easy access to printing, loading paper and the printer's power button. Plus, the cover locks in place when printer is not being used.

Compatible with Brother thermal printers.

Easy assembly and installation. Each UVHR kit comes with all of the parts needed for assembly.

Hardware comes standard for height adjustment with the mounting kit.

Anti-ejection safety feature in case of a vehicle crash.

Also available as an armrest pedestal mount!
