LAW ENFORCEMENT'S  
**TRUSTED  
TECHNOLOGY  
PARTNER  
FOR OVER  
60 YEARS**

# BAYCOM COMPLEX TECHNOLOGIES MADE EASY

Confidence. Convenience. Complete Solutions.

BAYCOM has been making complex technologies easy for over 60 years. **Serving as a single source for the latest technology, rugged and reliable products, and complete understanding of the entire squad car environment has made BAYCOM a trusted partner of law enforcement agencies of every size and scale.** BAYCOM is a premier supplier and support network for the latest data, communications and video technology. Law enforcement agencies require comprehensive solutions that work effectively, each and every time. Every second is crucial. When issues do arise, BAYCOM has expert IT, electronics and installation technicians on staff to quickly resolve them.

## THE BAYCOM DIFFERENCE

BAYCOM has been in business since 1956 and is a public safety company that provides equipment and service for mobile data computers, in-car and body-worn video, Motorola Solutions two-way radios, equipment mounting solutions and full squad car changeovers. We understand how all of this equipment works together, and we will be here when you need us. Our stability, experience and expertise have made us an ally of over 800 city, county and state law enforcement agencies throughout the Midwest.

# A TRUSTED TECHNOLOGY PROVIDER

BAYCOM prides itself on providing only the most reliable equipment and solutions. Our team of experts research and field-test all of the latest equipment and choose to deliver only the best to our customers. We partner with the best manufacturers to provide proven technology that is easy to use and will provide our customers with the highest return on their investment. We understand that with ever-shrinking budgets, public safety agencies must get the most out of every dollar spent.

For law enforcement applications, BAYCOM recommends **Panasonic TOUGHBOOK® tablets, and handhelds, Panasonic Arbitrator in-car and body-worn video products, Brother mobile printers and Gamber® Johnson docking and mounting solutions.** Combined, they form a comprehensive solution that is effective, rugged and reliable.

## Advantages of a Comprehensive Solution:

The most reliable, proven technology

Robust features that fit your needs

Products that are easy to use

Training, products, and support—The total package

Guaranteed compatibility

# ARBITRATOR TECHNOLOGY

Work with the best in-car and on-body recording technology to capture crystal clear video and audio, with easy to use storage and retrieval.

## ARBITRATOR IN-CAR

### Get The Full Picture

In today's law enforcement environment, video evidence is important both in the courtroom and in the court of public opinion. Panasonic's arbitrator video capture technology is designed with input from experienced law enforcement agents. It offers seamless, scalable video with 360-degree coverage to capture every second with clarity. A unified evidence management system makes accessing recorded video easy and ensures its integrity at every step of the legal process.

#### Arbitrator In-Car Features:

65-degree wide angle front lens

1080p resolution for front camera

30x optical zoom, 12x digital zoom

Easy to activate video capture

Up to four side and rear view cameras provide 360-degree coverage at 720p resolution

Wirelessly stream to station server

Output to variety of file formats for easy playback

Unified Evidence Management system is tamper proof

EASY  
ACTIVATION

HIGH  
QUALITY

## ARBITRATOR BODY CAM

# Reliable Evidence Capture Made Easy

The new Arbitrator® Body Worn Camera (BWC) takes evidence collection to the next level and provides recording in 1080p / 720p and 360p formats. Featuring a single or two-piece design, the Arbitrator BWC is IP67 / MIL-STD-810G rated to provide officers with a better way to capture unbiased, tamper-proof video in nearly any condition. The Arbitrator BWC seamlessly integrates with the Panasonic's UEMS Software, the Arbitrator 360°HD in-car video systems and Panasonic fixed-surveillance cameras to create a unified evidence management platform that preserves every link in the chain of evidence.

### Arbitrator Body Cam Features:

Industry Leading 12+ hour battery life

Works in concert with Unified Management System

Compatible with Arbitrator In-Car for complete capture

Built-in GPS, Wi-Fi, and Bluetooth

Rugged IP-67 and MIL-STD-810G architecture performs in any environment

1080p/720p/360p resolution

Field-serviceable battery

FULL  
COVERAGE

TAMPER  
PROOF

# SOLUTIONS YOU CAN RELY ON. SUPPORT THAT HAS YOUR BACK.

We are proud to serve the men and women of law enforcement. The BAYCOM advantage means being a comprehensive resource for products, training, and support. Our product lines only include solutions that are proven to exceed strict standards for reliability. BAYCOM provides a truly end-to-end solution tailored to meet the needs of every department and every officer.
